

Joanne O'Reilly

Having graduated from Christ Church College, Canterbury with a degree in Music and Media studies, I then pursued a career in Retail Management with the John Lewis Partnership, this led to an opportunity to volunteer with the Education Charity Young Enterprise, where my passion for supporting Young People develop skills and being the best version of themselves was born. I then changed career to follow this path.

I thrive on learning new things and since joining STEMPOINT in October 2021 have discovered a fascination for all things STEM, together with an opportunity to use my skills and experience to benefit our future work generation and the teachers who inspire and guide them.

I am an advocate for good mental health and am proud to be a trained Mental Health First Aider.

I am also a Co-Vice-Chair of Governors at a local Primary school.
